DPI-SIG PHOTOGRAPHERS FOR NON-PROFIT ORGANIZATIONS

Joe Bucherer, Director of Photographers for Non-Profit Organizations, suggests when you see an email requesting a photographer for a non-profit event, don't be afraid to volunteer and give back to the community. We do not accept every organization that asks for photographers. Joe and the committee thoroughly check to make sure the organization is non-profit before committing our talent and time! However, once you volunteer for the experience, the personal rewards are priceless! Below are two such opportunities!

National Estuaries Day: Saturday, Sept. 24 from 10 a.m. to 2:00 p.m.

Photos need taken at the Rookery Bay Environmental Learning Center, 300 Tower Road (near the corner of CR951 and US41). There will be activities such as a touch tank, arts and crafts, trail walks, and people enjoying the butterfly garden and art gallery. Also needed will be photos taken down Shell Island Road (a few miles south toward Marco Island), where the photographer will stay on land but photograph people taking short eco-tours on Rookery's boats.

If you are interested, please reach out to **Robin DeMattia** at robin@robindemattia.com or 239-963-5232. Please note that there will be minors present and you will need to ask for permission to take images in the Environmental Center.

American Heart Association Walk

The American Heart Association has worked with us in the past and is holding walks in November and December (dates below). We'd like two photographers - one to take large team photos and the other taking active participant shots, sponsorship tents, signs, etc.

- Collier at Cambier Park November 5, 2022 8 a.m.-11 a.m.
- Lee at Centennial Park December 10, 2022 8 a.m.-11 a.m.

This is a great outdoor event opportunity for someone looking to try their hand at candid photography.

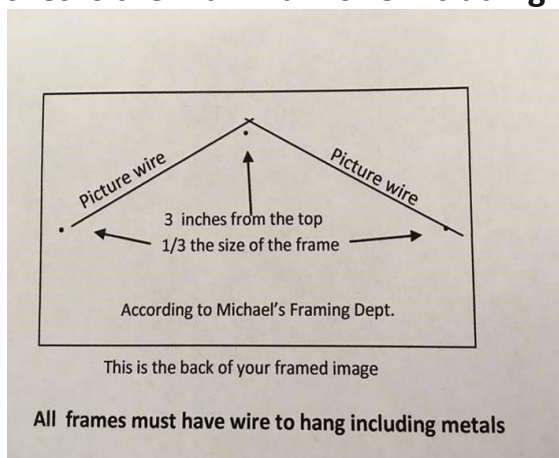

The contact at the American Heart Association is [Jaclyn Bevis @ 317.809.1705](mailto:Jaclyn.Bevis@heart.org) or Jaclyn.Bevis@heart.org.

If you volunteer your time, please be sure to let Joe know: jbucherer@gmail.com .

GLOSSARY TERM

SEPTEMBER-GLOSSARY TERM: **Passive Phase-detection Auto Focus System:** Used on all D-SLRs, some light coming through the lens is diverted to an AF module, where it is split into two parts and directed onto two sensors. These sensors determine the focus distance.

AUGUST-GLOSSARY TERM: **Photoshop PSB file format:** Supports larger file sizes than the Photoshop PSD format. PSD files are limited to a maximum of 30,000 pixels on a side, while PSB files can be up to 300,000 pixels on a side. For most photographers and most images, the Photoshop PSD (or Photoshop Document) file format will be perfectly suitable for their needs. A PSD file is obviously capable of preserving all the various features of Photoshop, such as layers, layer masks, saved selections and more. However, a PSD file is limited to 30,000 pixels on the long side, so in some cases it may not support an image you want to save.

PHOTOGRAPHY EXHIBITS, EDUCATION, TIPS & TRICKS

SOUTHWEST FLORIDA ARTISTS - ART SHOW INFORMATION: Located at the First Presbyterian Church of Bonita Springs, 9791 Bonita Beach Road, Bonita Springs FL 34135. The Art Gallery display will be featured until October 18, 2022. (239) 992-3233.

Her shorebirds paintings range from the ethereal, such as her painting of a snowy egret titled “On the Rocks,” to the whimsical in her painting of a pelican taking a dive into the water over a “no diving” sign. Ms. Hudson describes herself as a playful perfectionist. “Art allows me to visually express my love of life and the natural beauty all around,” she notes. She adds that she particularly enjoys painting live at events and outdoors where the light, sounds and scents around her influence the final piece.

The Marco Island Historical Museum is located at 180 S. Heathwood Drive. The museum is open Tuesday through Saturday, from 9 a.m. to 4 p.m. Admission is free and open to the public. For general information, see www.themihs.org or call 239-252-1440. |
